AECOM joint venture wins contract worth up to US\$1.66 billion to support U.S. Department of Justice's Asset Forfeiture Program

LOS ANGELES (March 21, 2011) — AECOM Technology Corporation (NYSE: ACM), a leading provider of professional technical and management support services for government and commercial clients around the world, announced today that Forfeiture Support Associates (FSA), LLC, a joint venture with L-3 MPRI, has been awarded a contract to provide professional, financial and legal support to the Department of Justice's (DOJ) Asset Forfeiture Program.

Valid through March 2018, the contract encompasses 36 labor categories ranging in specialization from clerical to financial analysis and litigation support. The indefinite delivery/indefinite quantity (IDIQ) award has a ceiling value of US\$1.66 billion, if all options are exercised.

The joint venture employs more than 1,600 professionals at more than 500 federal law enforcement agency sites and in 92 United States Attorneys' Offices, supporting all of the participant agencies in the Asset Forfeiture Program. FSA has maintained a contract with the DOJ Asset Forfeiture Program since 2004, and this latest competitive contract win extends FSA's incumbency on the program.

"We are excited to play a continuing role in enhancing the operations of the Asset Forfeiture Program as we further our relationship with the Department of Justice," said John M. Dionisio, AECOM president and chief executive officer.
